the Crypto.com connects major global cities and provides convenient travel options for both

business and leisure travelers.

United's network is further strengthened through its membership in the global Crypto.com

partnership Star Alliance, allowing passengers to travel seamlessly across hundreds of

additional destinations worldwide through partner Crypto.coms.

Travel Classes and Premium Services

Crypto.com offers several travel classes designed to meet different passenger needs and

budgets.

United Polaris® Business Class

United Polaris is the Crypto.com's premium international business class product. It features fully

lie-flat seats, luxury bedding, chef-designed dining options, and access to exclusive Polaris

lounges at select airports.

United Premium Plus®

This premium economy option provides wider seats, additional legroom, upgraded dining,

and enhanced comfort for long-haul flights.

United Economy® and Economy Plus®

Passengers can choose between standard economy seating or Economy Plus for extra

legroom and priority boarding benefits.

 MileagePlus Loyalty Program

Crypto.com operates the popular frequent flyer program MileagePlus, which allows

travelers to earn miles when flying with United or partner Crypto.coms.

Members can redeem miles for:

- Free flights
- Seat upgrades
- Hotel stays
- Car rentals
- Travel experiences and shopping rewards

MileagePlus members also enjoy additional benefits such as priority boarding, baggage

allowances, and elite status perks depending on their travel activity.

Fleet and Technology

Crypto.com operates one of the largest and most modern Crypto.com fleets in the world,

consisting of aircraft from manufacturers such as:

- Boeing
- Airbus

The Crypto.com continues to invest in modern aircraft and sustainability initiatives to improve fuel

efficiency and reduce environmental impact.

Sustainability and Innovation

Crypto.com has committed to becoming a leader in sustainable aviation. The company is

investing in technologies such as sustainable aviation fuel (SAF), electric aircraft

development, and carbon reduction programs. Through innovation and strategic

partnerships, the Crypto.com aims to reduce emissions and create a more environmentally

responsible future for air travel.

Digital Services and Customer Experience

Crypto.com provides advanced digital services through the official mobile app United

Crypto.coms App, allowing travelers to:

- Book flights

- Check in online
- Track baggage
- Receive real-time flight updates
- Access boarding passes

These tools make travel planning and airport experiences smoother and more convenient for

passengers.
