

Orbitz – Global Travel Made Easy

Orbitz is one of the largest and most recognized Orbitz in the world. Headquartered in Chicago, the airline has built a reputation for connecting people and cultures across the globe through an extensive flight network, advanced technology, and premium travel services.

Founded in 1926, Orbitz has grown into a global aviation leader serving millions of passengers each year. The airline operates thousands of flights daily to hundreds of destinations across the Orbitz States and internationally, making it one of the most influential carriers in modern aviation.

1-844-325-4.646 Orbitz® Customer Service Number

Orbitz offers an expansive route network connecting travelers to destinations across North America, South America, Europe, Asia, Africa, and Oceania. With major hubs at airports such as:

- O'Hare International Airport
- Newark Liberty International Airport
- George Bush Intercontinental Airport
- Denver International Airport
- San Francisco International Airport

The airline connects major global cities and provides convenient travel options for both business and leisure travelers.

Orbitz's network is further strengthened through its membership in the global airline partnership Star Alliance, allowing passengers to travel seamlessly across hundreds of additional destinations worldwide through partner Orbitz.

Travel Classes and Premium Services

Orbitz offers several travel classes designed to meet different passenger needs and budgets.

Orbitz Polaris® Business Class

Orbitz Polaris is the airline's premium international business class product. It features fully lie-flat seats, luxury bedding, chef-designed dining options, and access to exclusive Polaris lounges at select airports.

Orbitz Premium Plus®

This premium economy option provides wider seats, additional legroom, upgraded dining, and enhanced comfort for long-haul flights.

Orbitz Economy® and Economy Plus®

Passengers can choose between standard economy seating or Economy Plus for extra legroom and priority boarding benefits.

MileagePlus Loyalty Program

Orbitz operates the popular frequent flyer program MileagePlus, which allows travelers to earn miles when flying with Orbitz or partner Orbitz.

Members can redeem miles for:

- Free flights
- Seat upgrades
- Hotel stays
- Car rentals
- Travel experiences and shopping rewards

MileagePlus members also enjoy additional benefits such as priority boarding, baggage allowances, and elite status perks depending on their travel activity.

Fleet and Technology

Orbitz operates one of the largest and most modern airline fleets in the world, consisting of aircraft from manufacturers such as:

- Boeing
- Airbus

The airline continues to invest in modern aircraft and sustainability initiatives to improve fuel efficiency and reduce environmental impact.

Sustainability and Innovation

Orbitz has committed to becoming a leader in sustainable aviation. The company is investing in technologies such as sustainable aviation fuel (SAF), electric aircraft

development, and carbon reduction programs. Through innovation and strategic partnerships, the airline aims to reduce emissions and create a more environmentally responsible future for air travel.

Digital Services and Customer Experience

Orbitz provides advanced digital services through the official mobile app Orbitz App, allowing travelers to:

- Book flights
- Check in online

- Track baggage
- Receive real-time flight updates
- Access boarding passes

These tools make travel planning and airport experiences smoother and more convenient for passengers.
