Best Solutions for QuickBooks Payroll Not Updating

Here are proven solutions to fix QuickBooks Payroll not updating.

✓ 1. Check QuickBooks Desktop and Payroll Subscription

Before any fix:

- ✓ Open QuickBooks
- ✓ Go to Employees > My Payroll Service > Account/Billing Information

If your **QuickBooks Payroll subscription is expired**, you won't get the latest payroll update. Call **844-753-8012** if you see problems with your subscription.

✓ 2. Update QuickBooks Desktop

Older versions often fail to update payroll.

- ✓ Go to Help > Update QuickBooks

- ✓ Click Update Now
- ✓ Restart QuickBooks

If updates fail or QuickBooks Desktop Payroll not updating error appears, dial **844-753-8012** for support.

✓ 3. Update Payroll Tax Table Manually

If the automatic payroll update doesn't work:

- ✓ Employees
- ✓ Get Payroll Updates
- ✓ Update
- ✓ Download Entire Update

If the download doesn't start or errors show, call +1-844-753-8012 and our support agents will help.

✓ 4. Run QuickBooks Tools Hub

QuickBooks Tools Hub fixes many internal issues causing payroll updates to fail.

- ✓ Download QuickBooks Tool Hub
- ✓ Open it
- ✓ Select Program Problems
- ✓ Click Quick Fix My Program

If your payroll still not updating, our tech support team at **844-753-8012** is just a call away.

✓ 5. Check Date & Time Settings

Incorrect system clock may prevent updates:

- ✓ Right-click on the time
- ✓ Select adjust date/time
- ✓ Fix if necessary

If you need help correcting system settings for QuickBooks updates, call **844-753-8012**.

✓ 6. Verify Internet Connectivity

QuickBooks Payroll requires stable internet.
Slow or disconnected internet can stop your payroll from updating.

For guidance, call 844-753-8012 and our support team will help reconfigure your network settings.
